★ MADE IN USA ★

**CROWN™**

The image features the Crown Chemical logo in the top left corner, with the word 'CROWN' in a stylized font where the 'O' is red and the rest are white. The background is a close-up photograph of a car's wheel and tire being cleaned with a brush. The brush is black with white bristles and is attached to a metal handle. A thick stream of white foam is being applied to the tire, creating a dense, bubbly texture. The overall scene is in black and white, emphasizing the contrast between the white foam and the dark surfaces of the car.

**CROWN™**

## ***EXCELLENCE IN CHEMICAL BLENDING SINCE 1967***

For more than fifty years, Crown Chemical has manufactured high-quality, value-added detergents for warewashing, laundry, janitorial, industrial, automotive, and many other applications. We support distributors nationwide with a complete product line, attractive packaging and labeling, knowledgeable customer service, and tremendous industry expertise.

## ACID PRESOAKS

### AUTOJET PART A

*Super Concentrated Low-pH High-Foaming Automotive Presoak*

A super-concentrated, high performance acidic detergent for use in car washes and pressure washing applications. Removes road film, salt, silt, clay, scale, dust, soot and other inorganic soils from automotive surfaces. Designed to be used in combination with an alkaline presoak as a two-part system for superb removal of organic and inorganic soils typically found on automotive surfaces. Very high foaming for increased contact time on vertical surfaces and improved cleaning performance. Contains a special blend of chelants, organic acids and foam additives for rapid soil penetration and emulsifying. Improves the performance of clear coat protectants and drying agents by removing soils, neutralizing alkalinity and reducing water spotting. Ideal for use in touchless and friction car washes as well as self-serve operations. May also be used with portable pressure washing equipment. Contains no Hydrofluoric Acid or Ammonium Bifluoride.

80105 5 gal. pail • 80115 15 gal. drum • 80130 30 gal. drum • 80155 55 gal. drum

### HYPERJET PART A

*Low-pH Foaming Automotive Presoak Fortified with HF*

A super strength acidic detergent for use in car washes and pressure washing applications. Removes road film, salt, silt, clay, scale, dust, soot and other inorganic soils from automotive surfaces. Designed to be used in combination with an alkaline presoak as a two-part system for superb removal of organic and inorganic soils typically found on automotive surfaces. Very high foaming for increased contact time on vertical surfaces and improved cleaning performance. Contains a special blend of chelants, organic acids and foam additives for rapid soil penetration and emulsifying. Improves the performance of clear coat protectants and drying agents by removing soils, neutralizing alkalinity and reducing water spotting. Ideal for use in touchless and friction car washes as well as self-serve operations.

### STEP 2

*Low-pH Super-Foaming Presoak*

A high performance mildly acidic detergent for use in automatic and self-serve car washes, foam gun and pressure washing applications. Removes road film, salt, silt, clay, scale, dust, soot and other inorganic soils from automotive surfaces. Designed to be used in combination with an alkaline presoak as a two-part system for superb removal of organic and inorganic soils typically found on automotive surfaces. Very high foaming for increased contact time on vertical surfaces and improved cleaning performance. Contains a special blend of chelants, organic acids and foam additives for rapid soil penetration and emulsifying. Improves the performance of clear coat protectants and drying agents by removing soils, neutralizing alkalinity and reducing water spotting. Ideal for use in touchless, friction and self-serve car washes as well as foam guns and pressure wash applications. Contains no Hydrofluoric Acid or Ammonium Bifluoride.

# ALKALINE PRESOAKS

## AUTOJET PART B

### *Super-Concentrated High-pH Foaming Presoak*

A super-concentrated, high performance alkaline detergent for use in car washes and pressure washing applications. Removes road film, oil, grease, silt, clay, dust, soot and other organic soils from automotive surfaces. Designed to be used in combination with an acidic presoak as a two-part system for superb removal of organic and inorganic soils typically found on automotive surfaces. Very high foaming for increased contact time on vertical surfaces and improved cleaning performance. Contains a special blend of chelants, alkalis and foam additives for rapid soil penetration and emulsifying. Improves the performance of clear coat protectants and drying agents by removing accumulated soil. Ideal for use in touchless and friction car washes as well as self-serve operations. May also be used with portable pressure washing equipment.

# PREP DETERGENTS

## CITRUS FOAMSOLVE

*High-Performance Foaming Citrus Prep Detergent & Bug Remover*

A high performance, mildly alkaline prep detergent for use in tunnel, in-bay and self-serve car washes. Penetrates and removes road film, bug residues and other stubborn soils from automotive surfaces prior to washing. Fortified with d'limonene, a citrus by-product with tremendous soil and grease cutting characteristics. Excellent for use as a pre-solve emulsifier for tar, bugs, heavy road film and grease deposits. Also an excellent product for hard surface cleaning and pressure washing heavily soiled surfaces. Very high foaming provides extended contact time on car panels, wheels and other vertical surfaces. Pleasant citrus fragrance.

## POINT BLANK

*Super-Strength Alkaline Foaming Prep Detergent & Bug Remover*

A powerful alkaline prep detergent for use in tunnel and in-bay car washes. Penetrates and removes road film, bug residues and other stubborn soils from automotive surfaces prior to washing. Fortified with a synergistic combination of solvents, surfactants and alkalis for tremendous soil and grease cutting characteristics. Excellent for use as a pre-solve emulsifier for tar, bugs, heavy road film and grease deposits. Also an excellent product for hard surface cleaning and pressure washing heavily soiled surfaces. Very high foaming provides extended contact time on car panels, wheels and other vertical surfaces.

## FOAM BRUSH & MANUAL DETERGENTS

### VIBRANT (CHERRY, MELON, OR CITRUS BLAST)

*Scented Foam Brush Detergent & Conditioner*

A pH neutral detergent that produces thick, heavy foam when applied with foam brushes in self-service car washes. Provides excellent lubricity to brushes while it lifts away road film and grime. Cleans automotive surfaces quickly and effectively. Mixes easily with hot or cold water. High foam level and appealing fragrance maximizes customer appeal. Pumps easily in all temperatures.

### SPLASH DOWN

*High-Performance Foaming Detergent for Cars & Trucks*

The professional's choice for washing all types of automobiles by hand or with foaming applicators. Contains a specially formulated blend of surfactants which produce abundant, long-lasting suds that effectively cut through even the heaviest road film accumulations. This product is pH balanced to be mild to the hands, and will not attack aluminum or glass. Rinses thoroughly. Pleasantly scented. An excellent brush lubricant for tunnel and in-bay car washes.

## CLEAN & SHEEN

*High-Performance Foaming Wash & Wax for Cars & Trucks*

The professional's choice for washing all types of automobiles by hand or with foaming applicators. Combines a premium quality car soap with a bead wax. Provides abundant, long-lasting foam that effectively cuts through road film and accumulated dirt. Leaves a wax coating on the vehicle which helps repel water, dust and soils. Designed for professional use in auto dealerships, detail shops, car washes and other auto service facilities. pH balanced for added mildness to the hands. Will not attack aluminum or glass. Rinses thoroughly. Pleasantly scented.

## SPARKLE FOAM BRUSH (CHERRY OR LEMON FRESH)

*Foam Booster and Brush Lubricant*

High active, mildly acidic detergent designed for use in tunnel, friction and self-serve car washes. Provides excellent lubricity to bristles and cloth while generating abundant, long-lasting foam that clings to vertical surfaces and emulsifies soil and grime. Fortified with chelants and mild organic acids. May be applied through foam guns or foaming wands, or by direct feed to bristles or cloth. Improves the performance of clear coat protectants and drying agents by removing soils, neutralizing alkalinity and reducing water spotting. Great fragrance for enhanced customer appeal. Pumps easily in all temperatures. Highly dilutable and economical to use.

## ARCTIC BLAST CHERRY

*No-Freeze Cherry Foam Brush Detergent & Conditioner*

A pH neutral detergent that produces thick, heavy foam when applied with foam brushes in self-service car washes. Non-freezing formula when diluted correctly. Provides excellent lubricity to brushes while it lifts away road film and grime. Mixes easily with hot or cold water. High foam level and appealing fragrance maximizes customer appeal. Pumps easily in all temperatures.

Scan for TDS

82705 5 gal. pail • 82715 15 gal. drum • 82730 30 gal. drum • 82755 55 gal. drum

## GLIMMER

*High-Foaming Powdered Detergent for Manual Car & Truck Washing*

A premium quality detergent for manually washing cars, trucks, buses and other types of automobiles. Contains a highly concentrated blend of powerful surfactants which produce abundant, long-lasting suds that cut through grease, grime and road soils. Dilutes quickly in hot or warm water. Rinses freely, leaving no soapy residue. Excellent for brush and bucket cleaning, or for tunnel car washes. Gentle to the skin and safe on all vehicle surfaces. Economical to use.

Scan for TDS

82850 50 lb. pail • 82801 100 lb. drum

## SURPASS

*Premium Powdered High-Foaming Manual Car & Truck Washing Detergent*

A premium quality detergent for manually washing cars, trucks, buses and other types of automobiles. Contains a highly concentrated blend of powerful surfactants which produce abundant, long-lasting suds that cut through grease, grime and road soils. Dilutes quickly in hot or warm water. Rinses freely, leaving no soapy residue. Excellent for brush and bucket cleaning, or for tunnel car washes. Gentle to the skin and safe on all vehicle surfaces. Economical to use.

## DRYING AGENTS, SEALANTS & PROTECTANTS

### AQUADRY

*High-Performance Automotive Spray Wax & Drying Agent*

High-performance all-purpose spray wax and drying agent. Provides outstanding beading and assures faster breaking of water off of car surface and better drying from blowers. Helps protect vehicle undercarriage from salt and road grime. Effective for both friction and touchless operations. Highly dilutable and economical to use.

84105 5 gal. pail • 84115 15 gal. drum • 84130 30 gal. drum • 84155 55 gal. drum

Scan for TDS

### SEALDRY

*Clear Coat Scented Sealer for Faster Drying & Spot-Free Shine*

Clear coat scented sealer which enhances the appearance of all vehicles. Designed for high pressure application, but may be used with low pressure as well. Excellent for application by itself or following the use of triple foam polish or triple foam conditioner. Improves shine and speeds up drying. Pleasant fragrance.

84205 5 gal. pail • 84215 15 gal. drum • 84230 30 gal. drum • 84255 55 gal. drum

Scan for TDS

### HIGHDRY LEMON

*Top-Performance Automotive Spray Wax and Drying Agent*

An outstanding drying agent, clear coat sealer and protectant which provides unique drying characteristics. Specialized quaternary emulsifiers provide an ideal combination of beading and sheeting for improved drying and reduced water spotting. Helps protect vehicle undercarriage from salt and road grime. Excellent for both friction and touchless operations. Highly dilutable and economical to use.

84305 5 gal. pail • 84315 15 gal. drum • 84330 30 gal. drum • 84355 55 gal. drum

### CRYSTALDRY

*Clear Coat Protectant & Drying Agent with Silicone Wax*

This product is a high-performance total body clear coat protectant and drying agent fortified with silicone wax. Provides outstanding beading performance and assures fast breaking of water off of car surface and better drying from blowers. Silicone wax chemically bonds to vehicle surfaces, improving shine, water repellency and durable protection. Treated vehicles exhibit beading and repellency much longer than standard drying agents. Helps protect vehicle undercarriage from salt and road grime. Reduces paint oxidation and dulling. Designed for low- or high-pressure spray applications in friction and touchless applications.

Scan for TDS

### BEAD & BREAK

*Polymer-Based Water Repellent for Superior Sheeting & Protection*

This product works on glass, paint, trim and chrome. Provides increased shine, water repellency and more durable protection. Contains special polymers which create a water-repellant layer that chemically bonds to vehicle surfaces. Reduces paint oxidation and dulling. Designed for low- or high-pressure spray applications. Contains no mineral seal oil or other hydrocarbons.

## POLYFOAM (RED)

*Low-pH Triple-Foam Polish & Conditioner*

A low pH triple-foam polish and conditioner that produces thick “rainbow foam” when applied through a polish arc with compressed air. Provides lubricity to bristles and cloth while generating thick, long-lasting foam. Low pH improves rinsing and drying. Apply directly before spray wax or clearcoat sealer. Fresh cherry fragrance and clinging colored foam enhances customer experience. Red color.

## PRESSURE WASH DETERGENTS

### TRAILBLAZER

*High-Performance Brushless Truck & Trailer Detergent*

A high-performance detergent designed for brushless cleaning of trucks, trailers, buses, automobiles, forklifts, and other commercial vehicles. Designed for use with pressure washing equipment or pump sprayers. Effective with high or low pressure using hot or cold water. Effectively removes road film, exhaust deposits, bug residues and soil buildup quickly and completely. No brushing required. Contains an advanced blend of chelants, alkalis and synergistic surfactants which penetrate road soils and hold them in suspension for free rinsing. High foam levels provide increased contact time on vertical surfaces for improved cleaning performance.

Scan for TDS

### STREET FIGHTER

*Premium High-Foaming Alkaline Pressure Washing Detergent*

Removes the toughest deposits of road film, grime, exhaust carbon staining and bug residue. Ideal for use in pressure washing applications, but also suitable for "bucket and brush" washing. Fortified with a powerful blend of solvents, alkalis, and surfactants for superb penetration and removal of difficult soils. Ideal for use on trucks, buses, trailers and other transportation equipment. May also be used to clean walls, machinery, equipment and most other hard, non-porous surfaces. High foaming for prolonged vertical cling. Non-fuming and non-flammable. Not recommended for use on aluminum, tin, pewter or other non-ferrous or galvanized metals.

Scan for TDS

85305 5 gal. pail • 85315 15 gal. drum • 85330 30 gal. drum • 85355 55 gal. drum

### BRUTE FORCE

*Premium High-Foaming Alkaline Pressure Washing Detergent*

Super high active alkaline detergent designed for heavy duty pressure washing and steam cleaning. Ideal for use on industrial equipment, trucks, trailers, buses, transportation equipment, forklifts, food plants, meat and poultry plants, smoke houses and many other non-porous surfaces in facilities where difficult soils are encountered. Excellent for removing tough deposits of fats and greases, grime, cutting fluids, lubricants, carbonized soils, baked on food deposits, exhaust carbon staining, road film and much more. High foaming for extended contact time and improved cleaning performance on vertical surfaces. Fortified with a powerful blend of alkalis, solvents and surfactants for superb penetration and removal of the heaviest soils. Non-fuming and non-flammable. Not recommended for use on aluminum, tin, pewter or other non-ferrous or galvanized metals.

Scan for TDS

85405 5 gal. pail • 85415 15 gal. drum • 85430 30 gal. drum • 85455 55 gal. drum

### POWERFOAM

*Premium Powdered High-Foaming Detergent*

A professional quality product for removing road film and soil buildup from cars, trucks, buses, and other automotive surfaces. Produces abundant foam for increased contact time on vertical surfaces and improved cleaning performance. Fortified with builders, surfactants and solvents for quick, thorough cleaning. Ideal for use with pressure washing equipment. Non-corrosive to metal and safe for use on all surfaces.

Scan for TDS

85750 50 lb. pail • 85701 100 lb. drum • 85703 300 lb. drum

### HEAVY DUTY POWER WASH

*High-Performance Foaming Powdered Pressure Wash Detergent*

A professional quality product for removing grease, grime and soil from automotive and other hard surfaces. Produces abundant foam for increased contact time on vertical surfaces, while builders, surfactants and solvents lift dirt and grime away. Formulated for use with pressure washing equipment. Non-corrosive to metal and safe for use on all surfaces.

## RUBBER & VINYL DRESSINGS

## FINAL TOUCH

*Premium Quality Thickened High-Gloss Silicone Tire Dressing*

A premium quality, thickened silicone finish coat designed for high gloss results on tires. Imparts a superb long-lasting shine that resists water. Thickened formula reduces “sling” onto auto exterior surfaces. Designed for manual application. Not recommended for auto interiors.

Scan for TDS

87105 5 gal. pail • 87115 15 gal. drum • 87130 30 gal. drum • 87155 55 gal. drum

## SHOW ROOM

*High Gloss Silicone Tire & Rubber Dressing*

A premium quality, silicone-based finish coat designed especially for use on tires and other automotive surfaces made of rubber. Imparts a glossy, long-lasting shine, giving cars that “show room” appearance. Ideal for use in auto detail shops, car wash facilities, auto dealerships and most other auto service facilities. Not recommended for auto interiors.

Scan for TDS

## HYDROSHINE

*Water-Based Cleaner & Protectant for Automotive Surfaces*

A premium quality, water-based finish coat designed especially for use on tires, dashboards, bumpers and other automotive surfaces made of vinyl or rubber. Fortified with silicone for high gloss and durability, but contains no naphtha or petroleum solvents. Ideal for use in auto dealerships, detail shops, car wash facilities and most other auto service facilities. Ideal for auto interiors--leaves no objectionable odor.

## TIRE & WHEEL CLEANERS

### TIRE SOLVE

*High-Performance Automatic Tire & Wheel Cleaner*

A high-performance alkaline tire and wheel cleaner for use in automatic car washes. Dissolves road film and soil buildup quickly and completely on porous rubber surfaces and metal rims. Produces abundant foam for increased contact time on vertical surfaces and improved cleaning performance. Contains a special blend of solvents, alkalis and surfactants in addition to special additives for rapid soil penetration and emulsifying. Ideal for use in automatic, touchless and self-serve car washes, or with portable pressure washing equipment.

### WHEEL CLEAN

*Concentrated Manual Tire & Wheel Cleaner-Degreaser*

A high strength cleaner-degreaser formulated for quick and effective cleaning of tires and whitewalls. Fortified with a synergistic combination of solvents, alkalis and surfactants for rapid penetration and removal of embedded dirt, brake dust and grime. Actually lifts soils out of porous tire surfaces that ordinary car soap cannot touch. Recommended for use in manual spray on/wipe off applications. This product should not be used on glass, magnesium or aluminum surfaces. Leaves tires and whitewalls thoroughly clean.

### MAGNABRIGHT

*Super-Strength Foaming Aluminum Cleaner & Brightener*

An acid-based detergent formulated to immediately remove oxidation, carbon residue, road film and grime from unpainted or satin finished trucks and trailers. Instantly restores the original shine of aluminum. Also an outstanding cleaner/brightener for mag wheels. Penetrates and dissolves brake dust, road film, metal oxidation and other soils on aluminum or chrome plated wheel rims and hub caps. High foaming for prolonged cling on truck trailers and other vertical surfaces. Rinses completely. Not recommended for use on bright aluminum, bright stainless steel, zinc, galvanized metal, tin or magnesium.

### WIRECUTTER

*Foaming Acidic Cleaner-Brightener for Wheels, Rims, & Tires*

A foaming acidic detergent formulated to immediately remove oxidation, carbon residue, road film and grime from wire wheels, spoked rims, mag wheels and most other tire and wheel surfaces. Also great for trucks and trailers. Provides instant cleaning and brightening of aluminum and alloy materials. Penetrates and dissolves brake dust, road film, metal oxidation and other soils on aluminum or chrome plated wheel rims and hub caps. High foaming for prolonged cling on vertical surfaces. Rinses completely.

### LUMINOUS

*Heavy-Duty Foaming Wheel & Aluminum Cleaner-Brightener*

A foaming acidic detergent formulated to clean, brighten and deoxidize aluminum, magnesium, chrome, stainless and other metal surfaces. Ideal for wheels, diamond plate surfaces, tanks, piping, equipment, HVAC coils, trailers, and boats (pontoon, canoes, etc.). Contains a powerful acid blend which penetrates and removes oxidation, carbon residue, brake dust and soil and grease accumulations. Restores the original shine of aluminum, stainless, chrome and magnesium. High foaming for prolonged cling on vertical surfaces.

## ALUMINATE

*Fast-Acting Heavy-Duty Foaming Aluminum Cleaner-Brightener*

Heavy duty foaming acidic detergent formulated for brushless cleaning and brightening of aluminum trailers and wheels. Contains a powerful acid blend which immediately penetrates and removes oxidation, diesel smoke stains, carbon residue, brake dust and soil and grease accumulations. Instantly restores the original shine of aluminum. Formulated for use on trailers, trucks, wheels, aluminum siding, tanks and similar satin-finished aluminum surfaces. High foaming for prolonged cling on truck trailers and other vertical surfaces. Rinses completely. Also an excellent cleaner and descaler for Kemlite wall surfaces found in most in car washes, as well as carwash equipment.

# ENGINE DEGREASERS

## ASTOUND

*Premium Cleaner-Degreaser for Engine & Shop Use*

A premium quality, water-based detergent designed for cleaning engines, transmissions and other automotive parts and equipment. Contains a powerful blend of solvents, alkalis and surfactants for unsurpassed cleaning performance. May also be used for degreasing ferrous metals (iron and steel), machinery, equipment, walls, floors, and any other area where troublesome grease and soil must be removed. Ideal for use in steam cleaners or pressure washing equipment. Not recommended for use on glass, magnesium or aluminum surfaces. Leaves engines and parts thoroughly clean. Highly dilutable and economical to use.

### GREAT WHITE

*Super-Strength HF Foaming Descaler for Car Wash Tunnels & Equipment*

A premium quality acidic detergent designed for use in friction, touchless and self-serve car washes. Ideal for use on tunnel floors, walls, ceilings and equipment. Produces abundant clinging foam which adheres to vertical surfaces, thus increasing contact time and cleaning performance. Ideal for use with pressure washing and foam generating equipment. Provides fast and thorough cleaning and brightening of surfaces. Penetrates and dissolves accumulated mineral deposits, soap scum, oil, grease and other soils. High foaming action clings to vertical surfaces, extending contact time and cleaning efficiency.

### FOAMING ACID TUNNEL WASH

*High-Foaming Cleaner-Degreaser for Car Wash Tunnels & Equipment*

A premium quality acidic detergent designed for use in car washes. Ideal for use on tunnel floors, walls, ceilings, equipment and more. Produces abundant clinging foam which adheres to vertical surfaces, thus increasing contact time and cleaning performance. Ideal for use with foam generating equipment. Also an excellent cleaner for ceramic and quarry tile, stone and porcelain. Provides deep cleaning and brightening of tile surfaces and grout lines. Penetrates and dissolves accumulated mineral deposits, soap scum, oil, grease, uric salts and other soils without harming surfaces. High foaming action clings to shower walls, backsplashes, dividers, etc. Excellent for kitchens, shower rooms, locker rooms, and any other area where tile surfaces must be thoroughly cleaned.

31141 4x1 gal. case • 31105 5 gal. pail • 31155 55 gal. drum

## WIPE OUT

### Clinging Foam Spray Cleaner-Degreaser

A premium foaming spray and wipe cleaner which provides outstanding performance on washable surfaces. Formulated for demanding maintenance requirements in industrial and institutional applications. Provides a clinging foam action when sprayed on surfaces which extends contact with soils and improves cleaning performance. Effective on most washable surfaces. Dissolves and emulsifies heavy grease buildup, soot, smoke, carbon stains, creosote and many other soil types of soil. Leaves behind a thoroughly clean surface and a pleasant fragrance. Non-flammable and biodegradable.

Scan for TDS

32012 12x1 qt. case

## CITRACLEAN

### Heavy Duty Cleaner-Degreaser with d'Limonene

A powerful cleaner-degreaser for use on floors, walls, equipment, machinery and other non-porous hard surfaces. Fortified with d'limonene, a citrus by-product which provides outstanding solvency, degreasing and deodorizing characteristics. Formulated with a synergistic blend of solvents, surfactants and alkalis in addition to special emulsifiers for rapid soil penetration and removal. Excellent foaming capabilities for increased contact time and cleaning capability on vertical surfaces.

Scan for TDS

31841 4x1 gal. case • 31805 5 gal. pail • 31855 55 gal. drum

## NATURAL GREEN

### Safer Performance Industrial Strength Cleaner-Degreaser

A high strength degreaser formulated to provide outstanding cleaning performance while being safer for the environment. Designed for use on floors, walls, equipment, machinery and other non-porous hard surfaces. Fortified with a synergistic combination of solvents, surfactants and alkalis that clean aggressively with reduced environmental impact. Penetrates and emulsifies grease, oil and soils rapidly and completely. Non-flammable, non-corrosive and non-toxic. Leaves surfaces thoroughly clean and fresh smelling. Highly dilutable and economical to use.

## CARPETMAX

### Concentrated Carpet Extraction Detergent

Professional quality product formulated to deep clean carpet and upholstery with extraction cleaning equipment. Removes dirt, stains and odors safely and effectively without excessive foaming. Offers excellent detergency against all soil levels, and may be used as a prespray for heavily soiled traffic lanes. Safe on advanced generation carpeting. Fresh lemon fragrance.

Scan for TDS

52141 4x1 gal. case

## SOLARSOLVE

### Citrus Solvent Degreaser and Stain Remover

A super-strength, 100% active citrus-based solvent for heavy duty degreasing, stain and spot removal, and deodorizing. Ideal for use in a variety of applications, including hard surface cleaning in industrial or automotive facilities, ink or adhesive removal in printing plants, and stain removal in institutional laundries. Designed for use where stubborn soils make typical degreasers ineffective. Fortified with d'limonene, a citrus by-product which provides outstanding solvency and grease cutting characteristics against tar, oil, grease, adhesives, and most other stains and spots. Also an excellent cleaner-deodorizer for maintenance of drains, grease traps, and other septic applications. Safe to use and completely biodegradable. Deodorizes with a pleasant citrus fragrance while cleaning.

Scan for TDS

21041 4x1 gal. case • 21005 5 gal. pail • 21055 55 gal. drum

## ENTRUST

### Premium Quality All-Purpose Low-Sudsing Laundry Detergent

A concentrated, controlled sudsing laundry detergent for institutional, light industrial and residential use in top or front-loading washers. Ideal for manual use in standard or high efficiency residential-type machines, or for automatic injection in front loading institutional machines. Contains a powerful surfactant system which penetrates and dissolves tough soils. Suspends and removes soil while brightening and retaining color. Safe on most laundry washable fabrics when used as directed. Excellent for prespotting stains or spots. Lemon fresh fragrance.

Scan for TDS

23341 4x1 gal. case • 23305 5 gal. pail • 23355 55 gal. drum

## POWERWASH

### High-Quality Powdered Lemon Laundry Detergent

High quality powdered detergent for outstanding results in institutional and light industrial laundry applications. Contains an advanced blend of builders, surfactants, alkalis, antiredeposition agents and optical brighteners for optimum results in all water conditions and soil loads. Low sudsing. Fresh lemon fragrance.

Scan for TDS

## CONTROLCHEM™ #1 (GLASS & SURFACE)

### Concentrated Multi-Surface Streak-Free Surface Cleaner

Highly-concentrated multi-surface, streak-free cleaner for all glass surfaces, including windows, mirrors, windshields, lighting fixtures, display cases, computer and video screens, etc. Leaves surfaces thoroughly clean and streak-free at an economical cost. Also, an excellent spray and wipe cleaner for countertops, backsplashes, appliances, fixtures, chrome, stainless, plastic, Plexiglass, granite, tile, and most other hard surfaces in bathrooms, kitchens, and more. Safe on most surfaces; will not dull or etch. Non-ammoniated. Fresh mountain scent.

Scan for TDS

CC0141 4x1 gal. case

## SUPER SCRUB

### Premium Quality Powdered Concrete Floor Cleaner

Premium performance detergent for removing grime and oily buildup on concrete floors. Ideal for use in garages, transmission shops, oil change facilities, auto repair shops, factories, and many more applications. Offers excellent detergency against greasy soil buildup, tire marks, road grime, lubricants and much more. Dissolves quickly and completely. Orange powder turns green when wet. Fresh pine fragrance.

Scan for TDS

32850 50 lb. pail • 32801 100 lb. drum • 32803 300 lb. drum

## GO GLASS & SURFACE

### Heavy Duty Industrial Strength Cleaner-Degreaser

An outstanding product that removes soils, fingerprints, smudges, film and smears from glass and hard surfaces. Ideal for use on windows, mirrors, chandeliers, showcases, TV screens, computer screens, etc. Leaves surfaces thoroughly clean and streak-free. Also an excellent spray cleaner for other non-porous surfaces in kitchens and restrooms, including countertops, appliances, backsplashes, chrome, stainless steel, Plexiglass, plastic, and porcelain. Safe on most surfaces; will not dull or etch. Non-ammoniated. Fresh mountain scent.

Scan for TDS
