# Warewashing & Kitchen Sanitation

## Paragon™

Solid dishmachine detergent formulated for hard water areas. Contains enhanced water conditioning agents and polymers for spot-free results. Helps control scale buildup inside machine.

**4x8 lb. case**

**#10248**

## Platinum™

Top selling all purpose solid dishmachine detergent. Excellent for low or high temp machines. Produces great results in most water conditions and soil levels. A perfect choice for most applications.

**4x8 lb. case**

**#10348**

## PowerHouse™

Our newest and best performing solid machine detergent. Contains chlorine for improved cleaning and rinsing. Fortified with polymers for outstanding hard water performance. Breaks up grease with high alkalinity level. Low phosphate formula.

**4x8 lb. case**

**#10048**

## PowerHouse XL™

Very high alkalinity machine dishwashing solid for accounts with high levels of grease and food soil. Very long lasting and suitable for most water conditions. Non-phosphated formula.

**4x8 lb. case**

**#10148**

## Solid MetalStar™

Lower alkalinity dishmachine detergent for safe use on aluminum bakeware, cookie sheets, pots and pans, etc. Non-phosphated. Works extremely well in all water hardness conditions.

**4x8 lb. case**

**#10648**

## Green Choice™ Solid Dish

Non-phosphated, green-formulated solid dishmachine detergent. Safer to use and safer for the environment. Contains no alkali hydroxides, NTA, EDTA, or nonylphenols. Safe on aluminum. Provides excellent performance in most accounts.

**4x8 lb. case**

**#10748**

## Solid DryStar™

Solid all temperature rinse additive. Ideal for high or low temp machines. Highly concentrated for low usage cost. For soft and medium water accounts. Non-foaming in water temperatures >110°F.

**2x5 lb. case**

**#15925**

# Warewashing & Kitchen Sanitation

## Solid PanCommand™

Super premium manual pot and pan detergent. Very concentrated, slow-dissolving and extremely long-lasting. Provides handfuls of tight foam for unmatched cleaning performance.

**2x5 lb. case**

**#12925**

## Solid PanMaster™

Top selling manual detergent for pots, pans, glassware, dishes, silverware, utensils, etc. Produces thick, long-lasting suds that stand up to difficult cleaning tasks. Gentle to the skin.

**2x5 lb. case**

**#12425**

## Solid PanStar™

An economical solid detergent for manual dishwashing. Cuts through grease and food soils with a special surfactant blend. Stands up to difficult cleaning tasks and provides sparkling results.

**2x6 lb. case**

**#14626**

## Solid SilverStar™

Enzyme fortified presoak for flatware, dishware, cups and much more. Penetrates and softens hardened food soils prior to machine or manual washing. Improves warewashing results.

**2x6 lb. case**

**#11526**

# Laundry & Housekeeping

## Citation™

Solid enzyme laundry detergent with oxygen bleach. Highly concentrated formula for top loaders in institutional and industrial applications. Fresh and clean fragrance.

**4x6 lb. Case**

**#25046**

## Acclaim™

A "one shot" laundry detergent, oxygen bleach and fabric softener in a single product. Non-phosphated formula, enzyme fortified. Ideal for top loaders in institutional and light industrial accounts. Fresh floral fragrance.

**4x5 lb. Case**

**#25245**

## Solid LaundryStar™

Solid all purpose laundry detergent for top loaders. Effective in all water temperatures and soil loads. Fortified with enzymes for improved stain removal. Fresh lemon fragrance.

**2x6 lb. Case**

**#24926**

## Solid FloorStar™

Multi-purpose floor and hard surface solid detergent for institutional use. Ideal for kitchens, restrooms and many other areas. Provides excellent cleaning with a fresh citrus scent.

**2x6 lb. Case**

**#32326**
