

MR. SOFTIE™

High Performance Fabric Softener for Institutional and Residential Laundry

An all purpose laundry fabric softener for institutional, light industrial and residential use in top or front loading washers. Ideal for use in standard or high efficiency residential-type machines, or for automatic injection in front loading institutional machines. Imparts a soft, silky finish on all types of fabric. Reduces drying time, improves the efficiency of ironing and helps eliminate static cling. Fresh floral fragrance.

Directions for Use

Manual Feeding: For top loading residential laundry machines and front/top loading high efficiency machines, use 1/8 to 1/4 cup per standard load (up to 15 lbs.).

Automatic Injection: The amount of this product to be used will vary according to the load size, soil type and amount, water conditions, and other factors. Your Service Representative will analyze these variables and set up dispensing equipment and usage concentration accordingly. In general, use 2 to 6 ounces of this product per 50 lbs. of load size where normal water conditions are present. When laundering delicate fabrics such as wool or silk, follow the manufacturer's label instructions. Do not pour this product directly onto fabric as spotting may result. Add during the rinse cycle.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	White Liquid
Odor	Fresh Floral
pH (1% solution, 22°C)	<11.5
Foaming	Low
Flash Point	None
Bulk Density (lbs/gal, 22°C)	8.36 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na ₂ O)	None
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

28541
28505

Packaging

4x1 gal. case
5 gal. pail

Suitable for High Efficiency Machines
